
Well integrity and abandonment issues may be the most challenging non-revenue generating exercise a company deals with. For small companies, it can strain balance sheets and impair corporate sustainability. The challenge is real and was the reason for creating the Well Integrity & Abandonment Society.

The WIA Society currently boasts over 150 active members and meets on a monthly basis with the goal of reducing inefficiencies associated with well integrity and abandonment interventions.

This package contains information on the advertising and sponsorship opportunities available to your company through this collaborative and interactive industry society. Unless otherwise stated, each sponsor level is for one year from time of purchase.
